

# **NOTICE:** BCBSAZ Health Choice is **Not** Impacted by Yavapai Regional Medical Center Contract Changes

February 10, 2023

Dear providers,

Although the Yavapai Regional Medical Center (YRMC) hospital facilities and the hospital-employed physician group have decided to leave the BCBSAZ network, this does not impact coverage or payment for BCBSAZ Health Choice Arizona (AHCCCS Medicaid) and BCBSAZ Health Choice Pathway (Medicare DSNP) members. BCBSAZ Health Choice has a separate contract with YRMC.

Please assure your patients that their coverage remains the same and they can seek care as they normally would, including at Yavapai Regional Medical Center and other contracted Dignity Health entities such as Arizona General Hospital. Visit our provider directory at <https://providerdirectory.healthchoiceaz.com/Provider/ShowProviders/en/hca> for a complete list of contracted hospitals and physicians.

Please reach out to your Provider Performance Representative with any questions. Thank you for the care you provide our members and for being a valued part of our network.
